

Why ONE TRAY®?

Surgical facilities across the country are being asked to do MORE with LESS, such as processing more instrumentation with less staff. **ONE TRAY®** is the solution that allows facilities to meet these demands head on while not compromising patient safety.

Value

Tremendous cost savings over blue wrap and traditional rigid containers.

Efficiency

Process loaner, consignment, & high turn hospital owned instrumentation in a fraction of the time it takes with blue wrap or traditional rigid containers.

Innovative

Unique features provide unmatched sterility maintenance.

Safety

One Standard of Care by eliminating the need for Immediate Use Steam Sterilization (IUSS).

Regulatory & Standards Compliance

The patented **ONE TRAY®** system is 510(k) cleared, and follows the recommended practices/guidelines outlined by AAMI and AORN.

Lifetime Warranty: **ONE TRAY®** Sealed Sterilization Containers are guaranteed for the life of the product to be free of functional defects in workmanship and materials when used normally as recommended for their intended purpose in conjunction with **ONE TRAY®** filters, tamper evident locks, and deck plate.

Go Green: **ONE TRAY®** significantly reduces water consumption from sterilizers, and eliminates the waste associated with wrapping instrumentation.
